INDEX TO "RAZVEDKA I OKHRANA NEDR" FOR 1954

[Comment: The following list, which indexes by subject all articles contained in the 1954 issues of the Moscow bimonthly journal Razvedka i Okhrana Nedr (Prospecting and Guarding of Mineral Resources), appeared in the November/December 1954 issue, Vol XX, No 6, of that journal.]

Editorials

"For the High Quality and Timely Execution of the Financial Handling of Field Data," No 6, pp 1-4

"For the Enhancement of the Quality and Results of Geological Mapping," No 3, pp 1-7

"Ensuring the Normal Exploitation and Repair of Mechanisms in Geological Prospecting Organization," No 4, pp 1-3

"Facing New Tasks," No 1, pp 1-7

Geology and Mineral Resources

Baymukhamedov, Kh. N., "Geological Prerequisites for Searching for Carbonate-Cassiterite Deposits in Central Asia," No 2, pp 5-8

Bel'kova, L. N., "Problem of the Genesis of Hydrothermally Changed Rocks in Southwestern Altay," No 5, pp 1-6

Dobrokhotov, M. N., "Problem of the Genesis of Rich Iron Ores of the Krivoy Rog Type," No 1, pp 8-15

Zheldakov, M. Ye., "Industrial Reserves of Concrete Sands in the Rostov Part of the Donbass," No 4, pp 8-9

Karasik, M. A., "A Graphical Method of Determining the Qualitative Contents of Ore-Forming Minerals in Silicate-Sulfide Magnetite Ores," No 5, pp 7-13

Kusochkin, V. I., "Detritus and Pebbles of Polymetallic Oxidized Ores of the Devonian Period at Rudnyy Altay," No 3, pp 8-18

Minzhilkeyev, A. M., "The Effusive Sedimentary Genesis of Certain Polymetallic Deposits of Kirgizia," No 3, pp 18-21

Mikhaylova, Ye. V., "Ancient River Bed of a Carboniferous River at One of the Brown Coal Deposits of the Sub-Moscow Basin," No 6, pp 17-21

Ogarkov, V. S., "Geological Factors Determining the Procedure for Searching and Prospecting for Coal Deposits in the Sub-Moscow Basin," No 5, pp 5-16

Sigov, A. P., "Indications of Bitumens of a Petroleum Series in the Northern Part of the Turgay Lowlands," No 5, pp 4-8

Shcherbina, V. V., "Minerals of Variable Composition as Chemical Indicators of the Medium," No 2, pp 1-4
